ParentsWeb

Our new **RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer. This year we converted re-enrollment to an online process in ParentsWeb to save you time. The online re-enrollment allows you to just update the information that we already have in our system instead of filling out a form by hand.

To access this new feature, please follow the login instructions below.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

1. Go to our school website at www.shoreschristian.org

3. Click the **First Time Users** tab if you have not logged in to RenWeb before. If you have, skip to Step 6.

Please note that if you have new students who will be applying to ASCS for 2009-2010, you will need to complete an application for Admission. All of the admissions materials can be downloaded from the “Admissions” link on the website. These materials should be returned directly to the Admissions office.

If you have any questions or concerns about re-enrollment or RenWeb, please contact one of our school offices. As always, we want to thank you for choosing Atlantic Shores Christian School for your child's quality, Christian education.
